

FREE ROAD CAMP DIRECTIONS

1. Leave Carl's Jr, taking the 905 freeway East.
2. Cross the Otay Border into Mexico. Amor staff will assist you in clearing customs.
3. Be sure to stop at the first stop sign; cross-traffic does not stop.
4. Turn left (East) at the first stop light, approx 1 mile from the border. Caravans of 10 or more may require multiple lights. There are TWO left turn lanes. Use them both.
5. You are now on the Tecate Toll Road (Tecate Cuota). Drive straight through the industrial district for approximately three miles. Turn right (South) at the off-ramp marked "Mariano Matamoros".
6. Cross the valley and ascend the opposite side. Continue driving on the mesa until you reach a *major* intersection, about 2.5 miles from the Tecate Toll Road. KFC and Gigante will be on your left.
7. Cross the intersection and immediately get in the left-hand turn lane. Turn left at the NEXT light. There is a long concrete divider which marks off the left-hand turn lane. Don't get caught on the right side.
8. Follow this new road through a few turns until it T's. Turn left (West).
9. Continue southward through town. There are several stop signs, so be careful to not let other cars into your caravan if it can be prevented. Stay on the pavement. Turn left (East) at the large intersection which has a McDonald's on the right and a Calimax grocery on the left.
10. Drive a short distance and, staying on the pavement, follow the road to the right. A large Catholic church will be off the road on your left.
11. Continue South. You will pass a major intersection at the top of the next hill. There will be a 20-foot-tall Tecate eagle on your left.
12. Continue South, through the industrial park, past the Coca-Cola plant and Samsung. Cross the railroad tracks and the small bridge. When the road T's, turn left and head East (toward Tecate) on the Tecate Free Road.
13. Follow the Free Road (Tecate Libre) out of Tijuana. You will pass three Pemex stations after about three miles. At nine miles, you will see dairy farms on your right. Look for the highway marker for KM 150.
14. When the road makes a sharp left after the dairies, SLOW DOWN and prepare to leave the road on the right-hand side. On the left side will be a small building with the words, "EN LA LIBERTAD" painted on it. Off the road on the right is a large sea-green house. Turn off the highway and proceed up the dirt road to a white gate. Open the gate and proceed to the Amor camp. Please close the gate after you pass.
